June Edition: IVSA Summer Programs

We want to welcome you to the IVSA Summer School 2024 Program. You can see the feet of students lined up in this picture. You are at the start line ready to begin your Summer Adventure with IVSA. Our teachers have been hard at work getting ready for you. You should have received an email from "Illinois Virtual Schools and Academy, system account activation". This email will contain the student username. Click the link in the email to set a password and activate the account. Be sure to note that password as you will need that to login each day. You should have also received a welcome email from your teacher for each course. Students should see the "Launch Course" button available for each course as well. Thank you for choosing IVSA for your educational journey this summer.
