

Dear Parent/Guardian:

Thank you for expressing interest in Mosaic Classical Academy. As Principal, I understand the importance of selecting the best school for your child's needs.

At Mosaic Classical Academy, we offer a Kindergarten (Early Entrance) Program. Our Kindergarten (Early Entrance) Program is designed to boost school readiness by teaching phonological awareness, number sense, concepts of print, and many other relevant topics for young children's development. It is designed specifically for children who are 4 years old. We understand that you want the best for your child, and so do we!

Upon your request to enter our Kindergarten (Early Entrance) Program, our team assessed your child for kindergarten readiness. We find that your child demonstrates the early childhood skills necessary for success in kindergarten. Your child's progress will be monitored throughout the academic year. Each child's grade level placement for the 2027-2028 academic year will be determined according to mastery of required educational standards. In addition, we will assess your child's ability to physically, socially, and emotionally participate in either Kindergarten or First grade.

We ask that you review and sign the attached acknowledgment form. The signed acknowledgment form will be retained in your child's enrollment records.

I thank you for your time and look forward to meeting with you and your child personally.

Sincerely,

Mosaic Classical Academy

Mosaic Classical Academy does not guarantee placement in the first grade for the 2027-2028 academic year.

Once enrolled in the Early Entrance to Kindergarten Program, my child's progress will be monitored throughout the course of the academic year. My child's grade level placement for the 2027-2028 academic year will be determined according to mastery of required academic standards. In addition, the school will assess my child's ability to physically, socially and emotionally participate in kindergarten or first grade.
